Learn to Use: Axis Plots

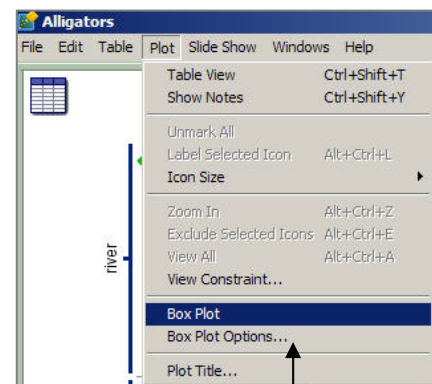

Create an Axis Plot

1. In Plot View, click the **Axis Plot** button  on the **Toolbar**.
2. Click the **Axis Label** for each axis and choose a field from the menu.
3. An Axis plot is created and record icons are placed precisely along the axes.

Add a Box Plot to an Axis Plot

1. On the **Plot** menu, choose **Box Plot**.
2. To add the 5-number summary, select **Box Plot Options** on the **Plot** menu.
3. Click the checkbox, and click **OK**.
